Volunteers Needed for the 4th Annual Cal Grant Application Assistance workshop

Cal Grant scholarships were significantly expanded through Senate Bill 1644, legislation that provides guaranteed college scholarships to all eligible students. Under this program, any high school student who has at least a 2.0 GPA and meets the household income requirements has an opportunity to go to college.

Did you apply for financial aid in college? Do you remember how complicated the forms were? Your help is needed to assist a new generation of students go to college by volunteering at two Sacramento workshops:

**Saturday, January 31, 2004
9:00am - 1:00pm
Sam Pannel Community Center
2450 Meadowview Road
Sacramento**

**Saturday, February 14, 2004
9:00am - 1:00pm
Boys & Girls Club
Thomas P. Raley Branch
1117 G Street, Sacramento**

The workshops include:

- One-on-one assistance in filling out the required financial aid forms
- Tax preparation for parents who have not yet completed their taxes
- College Fair
- General scholarship and college information
- Immigration and Citizenship assistance

This is a true grass roots effort and is only made possible with the participation of volunteers. Join the team and make higher education available to all young adults.

State Capitol, Room 4203, Sacramento, California
